ROUMANIAN ARMIES FLEE FROM THEIR PURSUERS

Following the Loss of Bucharest Chief Interest Centers in Fate of King Ferdinand's Armies.

NO WHOLESALE CAPTURE OF PRISONERS REPORTED

Berlin Reports Capture of 9000—German Authorities Believe Roumanians Intend to Abandon the Whole of Wallachia.

By Associated Press Dispatch. WITH BUCHAREST LOST TO THEM, THE ROUMANIANS ARE RETIRING ALL ALONG THE LINE IN THE PROVINCE OF WALLACHIA, FIGHTING REAR GUARD ACTIONS AS THEY RETREAT.

The main point of interest in what remains of the campaign is the fate of the Roumanian armies, and apparently there has been no wholesale capture of prisoners, as yet at least, by von Mackensen's troops, although Berlin reports the capture of more than 9,000 yesterday.

Petrograd's statement announcing the evacuation of Bucharest and the retirement of the Roumanians who were holding off the Danube army south of the capital probably indicated that an attempt was made to move virtually the entire Roumanian force in the Bucharest region northeastward toward Moldavia before the entrance of the Teutonic troops into the capital.

What measure of success has been attained in this operation has not yet developed. The Ninth German Army, is pressing eastward north of Bucharest at an apparently rapid rate. The capture of Ploechti, an important railway junction point in the center of the Roumanian oil region, was effected yesterday, the same day Bucharest was taken.

German opinion is expressed to the effect that the Roumanians have decided to abandon all of Wallachia, the main portion of the Roumanian kingdom, and retire to Moldavia, their northeastern province, where their front would be materially shortened, and where they would be in close touch with the Russians.

LABOR MEMBER IN NEW CABINET

(Associated Press Cable) London, December 7. — According to the Central News, the labor party has decided to accept the invitation to be represented in the new government.

Illustration leaders were planning today to hurry President Wilson's railroad legislation program through Congress as amendments to the pending bill to increase the membership of the Interstate Commerce Commission, which already has passed the House and now is awaiting action in the Senate. Adoption of such a plan, they believe, would save several weeks' of work that would be required if an entirely new set of bills were introduced.

Not all the leaders have agreed to the plan, but strongest pressure is being brought to bear on it.

BANDITTS KILL AN AMERICAN ENGINEER

Howard Gray Was Killed When Villa Bandits Entered Chihuahua.

By Associated Press Dispatch. El Paso, Tex., Dec. 7.—Howard Gray, an American mining man at Parral, State of Chihuahua, was killed by Villa bandits when they entered the town November 5, according to a telegram received today by the Alvarado Mining & Milling Company.

A messenger, who arrived from Parral shortly after the telegram was made public, said Gray was hanged by order of Villa.

The telegram to the mining company said all other Americans were safe and that American property was not harmed.

SHOT TO DEATH

By Associated Press Dispatch. El Paso, Texas, December 7.—Gray was shot to death in the doorway of his home near Parral and his body then was hanged by a band of Villa bandits from Villa's main column, two foreign refugees who reached here today from Parral reported.

These men saw Edward Koch, German consul in Parral, before they left that city. He told them he was ordered executed by Villa bandits at Santa Rosalia after being robbed of \$50,000 worth of silver bars belonging to the Alvarado Mining & Milling Company.

The refugees also saw Theodore Hoemuller, a German, before they left Parral. He was reported to have been killed, together with his wife and family. They said a number of Chinamen were killed.

By Associated Press Dispatch.

Washington, December 7. — Officials of the Farm Loan Board announced today that more than 50,000 farmers have applied for mortgage loans aggregating \$150,000,000, or more than seventeen times the amount of money which will be immediately available for loans upon the organization of the twelve farm loan banks.

Although the location of the banks probably will not be announced before December 20, it was said today that almost immediately after organization the banks would find it necessary to issue bonds for virtually their entire capital stock, to meet the demands of the borrowers.

publican Committee are said to deal with the alleged wrongful marking of the ballots.

State Chairman Hatfield received in the mail today more affidavits from election officers charging that ballots with a cross in front of the name of Woodrow Wilson were counted as straight Democratic tickets.

Republican leaders declare these tickets should not have been counted because they were improperly marked and believe that if all of them were thrown out it would more than wipe out the 6616 plurality of James M. Cox for governor and result in the re-election of Frank B. Willis.

It was later suggested to substitute Columbus for Milwaukee, in order to have the circuit more compact.

CLAIM THE ARABIA WAS TRANSPORT

The German Government's attitude, however, like that in the Marina case, is expected to be one of readiness to make amends if it be shown that the submersible commander violated Germany's pledges to the United States.

WILL ERECT SHAFT TO VICTIM OF LUSITANIA

(Associated Press Cable.)

Vanderbilt, who was drowned by the sinking of the Lusitania, and his association with English coaching for a number of years, members of the Coaching Club propose to erect a granite column on Holmwood Common near Dorking, by the main road from London to Brighton traversed by Mr. Vanderbilt's "Venture." The plan has been submitted to the Dorking Rural District Council for approval. It is intended to erect similar memorials at other parts of the route.

TURKS TO ADOPT GERMAN METHODS

(Associated Press Cable.)

Berlin, December 7.—Turkey has become so impressed with the efficiency of the Berlin police that it has sent to Berlin the director of the Constantinople criminal department, Behaeddin Bey, to study the methods in vogue here, so that on his return he may reorganize the police of Turkey's capital and principal cities, and introduce German methods there. Behaeddin Bey among other things plans to introduce in Turkey the German equivalent of the Bertillon system in vogue in America, and many of the newspapers for the "intellectual enlightenment of Turkish police officials and the development of police methods."

PERSONNEL OF CABINET TO FRONT

Having Definitely Settled on Lloyd George, the Next Question Is Cabinet.

(Associated Press Cable.)

London, December 7. — It having been decided definitely that David Lloyd George will undertake the formation of a ministry, political circles today were interested chiefly in the personnel of the new Cabinet and the prospects of the new Premier for getting a combination that will have the support of a majority in the House of Commons.

Few, if any, of the Liberal members of Mr. Asquith's cabinet are likely to accept office under Mr. Lloyd George and some of the Unionist members are likely to stand aside.

Provincial Liberal newspapers like the Manchester Guardian and the Liverpool Post make a plea to the Liberals to give the Government a fair chance, as it is generally assumed that it is the embodiment of British determination to win the war.

According to one estimate, Mr. Lloyd George can rely on the support of virtually all the Unionist members and of seventy Liberals, and hope to obtain the backing of the labor members, who will come to a final decision at a meeting today.

It is also represented that Mr. Lloyd George believes he will be able to offer concessions to the Nationalists which will bring them into line.

It is generally believed the construction of the Cabinet will be a matter of only a day or so.

WORKWOMEN WEAR EXPENSIVE FURS

London, December 7.—Workwomen in expensive furs are a common sight in the great industrial centers of Great Britain owing to the high rate of wages now being paid, and the price of Musquash, American gray fox and skunk furs have advanced appreciably. London furriers are said to be overwhelmed with orders from the industrial centers for twenty, thirty and forty gunea coats with muffs and stoles in proportion but owing to the drain of workmen for military purposes these orders are difficult to execute.

XENIA WORKHOUSE MAY BE CLOSED AFTER APRIL 1ST

Law Becoming Effective at That Time Prevents Making of Brooms and Rat Traps—Board Now Endeavoring to Solve Problem.

That the Xenia Workhouse which for years has housed evil doers of this city when a workhouse sentence was necessary to mete out punishment for crime, is about to be discontinued after April 1, 1917, is indicated by the unsuccessful efforts of the prison board to find some other means of employment for the men besides the making of brooms, rat traps, or other articles.

On April 1st a new law becomes effective prohibiting the prisoners of penal institutions from being employed in the manufacture of goods which may be placed in competition in the markets with articles not made by prison labor.

For many years the Xenia Workhouse, which has been under the direction of D. E. Crow, formerly of this county, has been making brooms for the Buckeye Broom Company, of Columbus. The company has taken the brooms at contract prices and also has furnished the broom corn and material used in the manufacture of the brooms.

The business has been profitable, the occupation easy to teach to prisoners, and has gone far toward making the institution self supporting.

At the present time the institution is under contract to receive prisoners from Clark, Clinton, Fayette, Miami, Shelby, Ross and Warren counties, and the institution is usually filled to capacity.

It will be necessary to obtain other employment for the prisoners, who cannot be allowed to remain idle. The old "rock pile" is a thing of the past, and the Board of Directors has not yet devised a means of keeping the men employed.

If the institution is closed it will be a problem what to do with prisoners whose offense merits a workhouse sentence.

COMMITTEES ARE BEING FILLED OUT

Within the next day or two all committees in connection with the Bromley evangelistic campaign will be completed and announced.

The executive committee reports ready response on the part of virtually everyone to aid in the work, and expresses its appreciation of the splendid spirit manifested in the work.

Secretary McAdoo's Report

The annual report of Secretary of the Treasury, McAdoo is, in many respects the most remarkable accounting ever made to the people by the custodian of the nation's finances.

In the first place the report teems with stupendous figures. While the expenditures set forth are, from the individual standpoint, appallingly large and while the estimates of probable expenditures during the coming year are staggering to the individual yet a consideration of the other side of the big balance sheet is gratifying to those who are fond of contemplating the huge financial resources of the nation and at the same time an abundant assurance of our ability to meet and discharge future obligations as they arise.

The report of Secretary McAdoo is interesting, too, in its expose of the practical results—the workings—of the new financial legislation.

It is clear from the very interesting and comprehensive report that officials and financiers are more concerned, right now, in preserving the wealth of the nation and the people, directing and controlling, in so far as it is possible to do so by law or departmental ruling, the vast riches so that the business of the nation may receive a maximum of permanent benefit.

The Secretary of the Treasury has been and is yet one of the most important of the nation's official family. That the Secretary and his department have been active is demonstrated by the thoroughness of the report and that the department has need to be watchful of our accumulated wealth no one who grasps, even generally the stupendous sums dealt with, will question.

The abundance of wealth now bids fair to give to our new currency laws as severe a test as any that could result from a need to "watch the corner" because of the necessity "to make ends meet."

Election Contest?

Is Ohio to have a contest on the Gubernatorial Election? That's the question that thousands of Buckeye people have been asking themselves and asking each other ever since Secretary of State Hildebrand issued his decidedly unusual order or request on Wednesday morning.

The issuance of the order by Mr. Hildebrand to county election officials does not necessarily mean that the announced election result on governor is to be contested. Indeed republican campaign managers and republican politicians state that it does not in so many words.

It does mean, however, that the question as to whether or not there will be a contest instituted in the courts depends upon the result of investigations now being conducted.

In the mean time the friends of the defeated candidates are taking the precaution to have the ballots preserved so that in the event a contest is decided upon the evidence necessary will be preserved.

Under the Ohio election laws as they exist today provision is made for preserving the ballots, but if a formal request to that effect is not made within the time specified in the law, the ballots are burned.

After every close election there is more or less talk of contest and up to this time few have taken the talk of contesting the announced result of the last election seriously.

The federal authorities are conducting, at Cincinnati, an investigation into the conduct of the election with a view to determining just how much, if any, basis there is for the charge of fraud.

Your Subscription

Attention of Herald readers who receive their paper by mail outside of Washington is directed to the subscription offer appearing elsewhere in this issue.

The condition of the newsprint paper market has been and is now so chaotic that publishers have been completely at sea in their efforts to fix an annual subscription rate.

No publisher knows what the market price will be in a week or a month from now. We have no objection to taking our readers into our confidence and putting them in possession of the real facts.

While the usual bargain month rate time is observed and at a price not warranted by the present market we cannot guarantee that the offer will be open for any special length of time.

It will be to the advantage of Herald readers to make haste to renew their subscriptions under the present offer at once as necessity may compel its withdrawal.

Poetry For Today

THE SAME OLD STORY.

Christmas—the same old story;
Sweet with its sweet old way;
The gifts and the songs and glory,
The spirit of youth and play.
Christmas—the fabled Santa,
The tree with its magic light,
The stars and the drums and trum-
pets,
The toys and the tinsel bright.

Christmas—no change forever;
The letters to good old Kriss,
The arms of the little children,
And the lips that are sweet to kiss,
Christmas—the changeless beauty,
Older, and still so young
With its glow of childhood spirit,
And its tales of the fairy tongue.

Christmas—the streets to show it,
The shops with their brilliant sight
Windows of charm to glow it,
The festive and magic light,
Christmas—and still appealing
With its utter glory to men
As over their gray hearts stealing
Their boyhood comes again.

Christmas—the same old blessing,
The holy and lovely spell
Of tenderest trust and confessing
And the glory of all things well,
Christmas—the wondrous season,
As fresh in its joy today
As it was in the vanished visions
Of the childhoods far away.

FINE PAPERS AT
MEDICAL ASSOCIATION

The Fayette County Medical Association held an interesting meeting at the Y. M. C. A., Wednesday night, with Dr. W. E. Ireland, President, in the chair.

Dr. Evan Brock, of Columbus, delivered a fine paper, containing valuable information on "Gout" and Dr. Kirkendall, of Columbus held the attention of the physicians closely in his most interesting dissertation on "Radium."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

CLEANING CITY LOT PROVES SOME TASK

The work of cleaning the city lot has proven a much more difficult task than those working for the evangelistic campaign anticipated, owing to the great accumulation of refuse, brick, stone, timbers, and the trees and buildings upon it.

Thousands of brick have been stacked on the back portion of the lot, and these will be so arranged that they will fill underneath the platform of the tabernacle.

Two sheds on the lot have been moved to the back portion of the Y. M. C. A. lot, and it will yet require considerable work before the lot will be regarded as "cleared."

PLAN CORN SHOW FOR FEBRUARY 16

At the noonday session of the Dutch Treat Club one of the chief matters discussed was the corn show which the organization is backing, and it was announced that in all probability the corn show would be held February 16, 17, 18 and 19, and plans would be made to make it larger and more attractive than ever before.

In addition to offering prizes for Fayette corn liberal prizes also will be offered for the best displays from surrounding counties.

Another matter discussed, at the suggestion of Sheriff Jones, was the tramp problem—how best to deal with the tramp to prevent him becoming a nuisance. The problem of housing the tramp while in this city was discussed, but no definite action taken, some favoring, such action and others favoring the plan of giving him the cold shoulder.

In the absence of Chairman Worthington, who is ill, Clerk of Courts—elect H. C. Ireland was chosen as presiding officer.

OPEN EXTENSION SCHOOL MONDAY

Farmers and their wives and daughters all over the county are looking forward to next week when the Agricultural Extension School and School of Home Economics opens in this city and will continue three sessions daily until Friday evening.

Not only will experts in Agriculture give instruction to the farmers, but experts in home economics will, at the same time, give equally help-

ful instruction to the women.

So far upward of 50 men have enrolled and a number of women, and it is believed that the opening session will see the numbers greatly increased, owing to the fact that such

an opportunity as offered does not present itself frequently.

The sessions will be held at the high school building, and are expected to be of great practical value to all who attend the two schools.

Miss Irene Tobin went to Chillicothe, Wednesday evening to hear Madame Labadie in her dramatic interpretation of "Romance." Miss Tobin was a former pupil of Madame Labadie in Philadelphia.

Commence Your Christmas Shopping Now

In recent years so much has been spoken and written in favor of this "Early Shopping" precept and so many people have followed its advice that it is by way of becoming a proverb.

THE PRECEPT IS INDEED INTENSELY PRACTICAL.

"Time" for leisure thought—in the purchase of gifts within one's limit of expenditure for Christmas presents, is positively necessary to satisfactory results.

Early shopping makes certain that your "labor of love" is always best reflected in the gifts you choose, because you have had "time" to choose them properly, "time" to select exactly what "he" or "she" will appreciate and value.

Already we observe the advance guards of Christmas shoppers in the store and it is evident that more people than ever this year, are making Christmas selections of gifts early.

It is indeed the way that brings most satisfaction to the shoppers and most pleasure to those who receive the gifts they choose.

LOVELY WAISTS FOR YOURSELF OR FOR GIFT

A great many folks feel that the most useful gift is the most appreciated gift; particularly is this true amongst close friends.

Consider the appreciation of one who receives one of these smart, pretty, new blouses, chosen in her size, and with an eye to her style with which you are familiar.

OUR MOST RECENT WAIST ARRIVALS are especially attractive; one line consisting of dark plaid and striped taffeta waists, extremely favored just now, at\$5.00

HAVE YOU SEEN QUACKY AND DADDY DOODLES? Well you must by all means, for they are the cleverest little wooden ducks you ever saw.

HAVE YOU SEEN THE WONDERFUL ERECTOR SETS? The new building and construction toys? The new cut up maps of OHIO? The new toy furniture? Did you see Sandy Andy and the Sand Crane, and the Electric Elevator?

WE ARE TRYING TO MAKE ARRANGEMENTS WITH SANTA CLAUSE, TO BE WITH US FOR A FEW DAYS before Christmas. He is unusually busy this year and notified us that he would know positively next week whether he could spare us a part of his time.

HAULS A HORSE IN FORD MACHINE

Bert Moore, of Near Atlanta,
Pickaway County, Pulls Stunt
Which is Cause of Much
Speculation on Part of Two
Local Men.

There are Ford stories and more
Ford stories, but the climax was
reached Wednesday afternoon when
two well known local men, Messrs. W.
B. Rogers and Geo. H. Hitchcock saw
a farmer hauling a horse in a Ford
touring car—and the horse evidently
was enjoying the affair as much as
the man who was driving the machine.
The two men were returning to this
city (in a Ford) after a business trip
into Pickaway county, and when near
Atlanta, east of New Holland, they
passed the unusual outfit above men-
tioned.

In order to be certain that their
eyes had not deceived them, they
stopped and asked a farmer if what
they had seen really was live, honest-
to-goodness horse, and were informed
that the man who was driving the ma-
chine was Bert Moore of near Atlanta
Moore, it seems, had purchased the
animal from a neighbor, and wishing
to get back home in a hurry, had
given the horse the seat of honor in
his Ford and hurried home with his
prize.

Both men declare the horse was sit-
ting up in the machine, looking about
in perfect content.

It was not smoking.
They unhesitatingly declare that it
was a real horse, but admit that it
was not as large as a full grown
horse, and might have been a colt.

MAKING PROGRESS ON STREET PAVING

Contractors Wilt, Bolan & Kelley
are making good headway on the S.
Fayette street improvement, and some
three squares of the concrete base
has been laid. The work of laying
the concrete is nearing completion.

Everything is now in readiness for
starting the work of laying brick on
the south end of the improvement,
and it was announced Wednesday eve-
ning that many of the brick would
be laid this week.

Service-Safety Director Hillery ex-
pects that the paving will be complet-
ed and the street opened by Christ-
mas.

Next spring the street will be com-
pleted to East street and the Chillicothe
pike will be paved from the in-
tersection of Fayette street to a point
nearly two miles southeast, so that
it will be possible to pass over paved
street and roadway from the Prairie
pike on the north of the city to the
Good Hope pike on the south, a dis-
tance of nearly five miles.

eyes, scissors and knives that make

Why not do what millions are doing,
take 3 seconds off and apply "GETS-IT".
It dries, you put your stocking
on right away, and wear your regu-
lar shoes. Your corn loosens from
the toe, it lifts right off. It's pain-

GLORIA'S ROMANCE

Continued From Yesterday's Herald
TWENTIETH EPISODE

Love's Reward

The mystery of mysteries, the mys-
tery that envelops every other, is the
mystery of life and its negative, death.
Pierpont Stafford had given his daugh-
ter Gloria what the penniless Trask
had given his daughter Nell, life, the
same all beginning, all necessary gift
of Judge Freeman to his daughter
Lois.

Through the existences of these
three daughters Richard Freneau had
wandered like a handsome Don Juan,
wrapping each in romance and grief,
as in a crimson cloak with a black
lining. At Palm Beach he had flirted
with Lois Freeman and won the child
heart of Gloria Stafford. Gloria's fa-
ther had wisely snatched her away
from his spell and sent her to school
for five years before she should enter
the school of life.

In that long interlude Dick Freneau's
frivolous heart had gone butterflying
hither and yon. In his humbler days

He Talked Very Earnestly.

as a broker's clerk he met Nell Trask,
whose pretty face was her only for-
tune, and the cause of her misfortune.
Freneau had dealt sacrilege to the
power of life and left Nell broken
hearted with no wedding ring.

In his later prosperity as a winner
and loser of fortunes he had forgotten
Nell and turned to more gorgeous cre-
atures, such as Lois. Her he had won
away from the sacraments of her wed-
ding ring. And then Gloria drifted
back into his life like a white dove,
and he felt that he had never loved till
now. What the result of such a union
might have been no one was ever to
know, for Gloria fell ill, and merely
to breathe became the one great prob-
lem with her.
